WHO WE ARE:

WHAT WE DO:

- **COVENANT MANAGEMENT GROUP LLC** has been dedicated to bringing vision into reality since **2019**. We have delivered an unrivaled solution to the federal government by combining industry standards with a focus on new technology.
- Our landscape architects advise, assist with designs, purchase materials, and recommend the right solution that improves lawn value with intelligent and cost-effective enhancements.
- We provide a professional landscape solution to maintain the yard design all year while considering climate or season. We review multiple landscaping design drafts to make the client's vision a reality and create a beautiful space.
- We conduct an initial site visit to evaluate the challenge, discuss the estimated timeframe, and give our best effort within the agreed parameters set by both parties.
- We use environmentally friendly products to protect the people within the property and surrounding community.
- We respond to any landscaping concern and are always ready and open for consultation. We provide constant communication during the warranty period and can walkthrough landscaping care with our maintenance contracts.
